

MUSSELBURGH HORTICULTURAL SOCIETY 2020 OUTING DETAILS

This Years outing visits Kellie Castle & The Cambo Estate. Kellie castle was the home of the famous Lorimer dynasty including the famous Scottish architect Sir Robert Lorimer. The house is a time-capsule of Victorian living. The Herbaceous walled garden is an Arts & Crafts gem. Our second stop is at the fabulous Cambo Estate where you can either picnic in the gardens or purchase lunch in the excellent cafe. The walled garden is delightful and for the more energetic there are lovely woodland walks to the pretty beach.. There is an excellent shop and an area for plant sales. Our final stop is at the superb Pitbauchlie Hotel were we enjoyed wonderful hospitality and food on our last outing.
